

TRAVEL INSURANCE

Proof of adequate medical and evacuation travel insurance is required to participate in this Africa program. We recommend a policy that includes at least \$500,000 per person emergency medical evacuation plus a minimum of \$50,000 per person emergency accident & sickness coverage.

Borton Overseas has partnered with **Travelex** to provide you with two custom policy options that meet these minimum recommendations. Each custom policy also offers the option to purchase travel insurance WITHOUT trip cancellation coverage, referred to as post departure coverage.

IMPORTANT: Although insurance can be purchased any time before your departure, many **pre-existing conditions** and the optional extra for “**cancel for any reason**” are covered only if you purchase your insurance policy within 21-30 days of your initial deposit. Custom Max = 30 days, Custom Select = 21 days.

Per person Policy costs – based on a total trip cost of \$4000 per person (*Travelex adds an \$8 fee per address*)

Travelex Custom Max	Premium per person for full policy	\$299
Travelex Custom Select	Premium per person for full policy	\$167
